Decision of the Board of Supervisors on the reporting of national provisions of prudential nature relevant to the field of occupational pension schemes

The Board of Supervisors of the European Insurance and Occupational Pensions Authority,

Having regard to Regulation (EU) No 1094/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Insurance and Occupational Pensions Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/79/EC¹, in particular Articles 8 and 35 thereof,

Having regard to Directive (EU) 2016/2341 of 14 December 2016 on the activities and supervision of institutions for occupational retirement provision (IORPs)², in particular Article 59 thereof,

Whereas:

- (1) Member States should report to EIOPA their national provisions of prudential nature relevant to the field of occupational pension schemes which are not covered by the reference to national social and labour law in Article 11(1) of Directive (EU) 2016/2341 (“national prudential provisions”).
- (2) EIOPA should make the information on national prudential provisions available on its website to create a centralised source of information at EU level.
- (3) In accordance with Article 4 of Directive (EU) 2016/2341, Member States may choose to apply certain provisions of that Directive to the occupational retirement provision business of life insurance undertakings. Member States that availed themselves of this option do not apply the first subparagraph of Article 7, Article 8, Article 15 to 18 and Article 23(3) of Directive (EU) 2016/2341 to the business of occupational retirement provision of insurance undertakings. Therefore, the range of national

prudential provisions applicable to these insurance undertakings is different from those applicable to occupational pension schemes.

- (4) To ensure uniform reporting, this Decision provides a template to be used by the competent authorities when transmitting the requested information to EIOPA. To facilitate accessibility and comparability of the information transmitted, the structure of the template list corresponds to the relevant provisions of Directive (EU) 2016/2341. The template also provides a separate category "Other" for reporting of national prudential provisions not captured in the list.
- (5) In some Member States, there are more structural types of IORPs. Competent authorities should indicate their names and national prudential provisions applicable to the different structural types of IORPs, where relevant.
- (6) In some Member States, national prudential provisions do not extend to the whole territory of the relevant Member State. Competent authorities should indicate whether their national prudential provisions extend to different territories within their Member State and the territorial extent of the reported provisions.

Has adopted this Decision:
