

S.11.01. - Assets held as collateral

General comments:

This Annex contains additional instructions in relation to the templates included in Annex I of this Regulation. The first column of the next table identifies the items to be reported by identifying the columns and lines as showed in the template in Annex I.

This annex relates to annual submission of information for groups.

This template contains an item-by-item list of off-balance sheet assets held as collateral for covering balance sheet assets.

It consists of detailed information from the perspective of the assets held as collateral and not from the perspective of the collateral arrangement.

If there is a pool of collaterals or a collateral arrangement comprising multiple assets, as many lines as the assets in the pool or arrangement shall be reported.

This template comprises two tables: Information on positions held and Information on assets.

On the table Information on positions held, each asset shall be reported separately in as many lines as needed in order to properly fill in all variables requested in that table. If for the same asset two values can be attributed to one variable, then this asset needs to be reported in more than one line.

On the table Information on assets, each asset shall be reported separately, with one line for each asset, filling in all variables requested in that table.

All items except item “Type of asset for which the collateral is held” (C0140) relate to information on the assets held as collateral. Item “Type of asset for which the collateral is held” (C0140) relates to the asset on the balance sheet for which the collateral is held.

The asset categories referred to in this template are the ones defined in Annex III – Assets Categories of this Regulation and references to CIC codes refer to Annex IV – CIC table of this Regulation.

The template is applicable for method 1 (Accounting consolidation-based method), method 2 (Deduction and aggregation method) and a combination of methods 1 and 2.

- Item ‘Legal name of the undertaking’ shall not be reported;
- The assets held as collateral by participating insurance and reinsurance undertakings or insurance holding companies or mixed-financial holding companies shall be reported item by item;
- The assets held as collateral by undertakings consolidated in accordance with Article 335 a-b-c in of Implementing measures shall be reported item by item;
- The assets held as collateral by other related undertakings shall not be included.

Where method 2 is used exclusively, the report shall include the detailed list of the assets held as collateral by the participating undertakings, the insurance holding companies and subsidiaries, regardless of the proportional share used. The report shall be made as follows:

- Item ‘Legal name of the undertaking’ shall be reported;

Where a combination of methods 1 and 2 is used, one part of the report reflects the consolidated position of the assets held as collateral within the group, net of intra-group transactions, which must be reported and the other part of the report shall include the detailed list of the assets held as collateral by the participating undertakings, the insurance holding companies or mixed-financial holding companies and subsidiaries, regardless of the proportional share used.
