

### S.15.01 - Only for Variable Annuities - Description of guarantees by product (Old TP-F3A)

#### General comments:

This Annex contains additional instructions in relation to the templates included in Annex I of this Regulation. The first column of the next table identifies the items to be reported by identifying the columns and lines as showed in the template in Annex I.

This annex relates to annual submission of information for groups.

This template shall only be reported by groups in relation to the direct business and only for those entities outside the EEA that have variable annuities portfolios.

Variable annuities are unit-linked life insurance contracts with investment guarantees which, in exchange for single or regular premiums, allow the policyholder to benefit from the upside of the unit but be partially or totally protected when the unit loses value.

If Variable Annuities policies are split between two insurance undertakings, for instance a life company and a non-life company for the VA guarantee, the company with the guarantee shall report this template.
