

S.03.03 – Off-balance-sheet items - List of unlimited guarantees provided by the undertaking (old BS-C1B)

General comments:

This Annex contains additional instructions in relation to the templates included in Annex I of this Regulation. The first column of the next table identifies the items to be reported by identifying the columns and lines as showed in the template in Annex I.

This annex relates to annual submission of information for groups.

As regards the Solvency II value, the instructions define the items from a recognition perspective. Valuation principles are laid down in Directive 2009/138/EC, Implementing measures, Solvency II Technical Standards and Guidelines.

Unlimited guarantees refer to an unlimited amount and not an unlimited date.

The guarantees listed in this template are not reported in S.03.01.g. At group level, the template is applicable for all entities in the scope of group supervision - including other financial sectors and non-controlled participations - for method 1 (Accounting consolidation-based method), method 2 (Deduction and aggregation method) and a combination of methods 1 and 2.

Internal guarantees within the scope of the group are not reported in this template but reported in the relevant Intra-group transactions (S.36) template.
