General Comment		
Article 1	Beside stating the requirements for applying the transitional measure when calculating the equity risk sub-module, the article makes clear, that the application of the transitional measure is optional for undertakings starting from 02. January 2016. For consistency reasons, undertakings that do not intend to use the transitional measure from 02. January 2016 should not be required to use it for any reporting before this date as well.
