Flash Eurobarometer

Consumer trends in insurance and pension services

Target population: EU citizens, 18+ (EU27 – 26 168 interviews | FR – 1 002 interviews)
Fieldwork: 19.7 – 27.7.2023 | Methodology: 

**Inflation and the cost of living**

For each of these savings and insurance products, did you make any of the following decisions over the past two years?

Not bought/renewed, stopped making contributions or cancelled because of the increase in cost of living (%)

- An investment/savings product from an insurer: FR 21, 22
- Household insurance: FR 15, 9
- A personal pension (excluding state pension): FR 20, 23

**Value for money**

Based on your experience with the following insurance policies, to what extent do you agree or disagree that they offer you value for your money? (%)

*Base: Respondents owning this type of insurance*

- An investment/savings product from an insurer: FR 16, 50
- Household insurance: FR 21, 54
- Car or motor insurance (other than mandatory third party liability): FR 24, 51

**Purchasing insurance online**

Based on your experience with purchasing insurance, to what extent do you agree or disagree with the following statements? (%)

- It is easier to receive tailored advice when buying insurance policies in person/via phone rather than online: FR 25, 44
- It is easier to gather information and compare products online rather than in person/via phone: FR 23, 42
- The claims process is easier due to digitalization: FR 19, 44

**Price when renewing insurance**

Based on your experience with the following insurance policies, have you encountered any of the following situations?

The price increased when you renewed your insurance contract but, in your view, your risk situation had not changed (%)

- Household insurance: FR 29
- Car or motor insurance (other than mandatory third party liability): FR 32
**France**

**Sustainable (or “green”) insurance products**

Trust in entities involved in the design and distribution of insurance and private pension plans
