

Webex public workshop

AGENDA

Taxonomy Meets the Market

The aim of the event is to present and discuss with the National Competent Authorities, insurance undertakings and software providers the new developments on regulatory reporting in insurance and pensions in the context of the 2.7.0 and 2.8.0 taxonomy releases .

Participants are advised to familiarise themselves with the latest updates available at the dedicated EIOPA web page on Supervisory reporting - DPM and XBRL:

[Supervisory reporting - DPM and XBRL | Eiopa \(europa.eu\)](https://www.eiopa.europa.eu/supervisory-reporting-dpm-and-xbrl)
