

Consultative Expert Group on Key Information Document for PRIIPs

For their joint work on the Key Information Document for PRIIPs the ESAs established a Consultative Expert Group (CEG). The CEG will advise the PRIIPs Sub Group of the Joint Committee mainly in the technical work involved in developing methodologies for disclosure of risks, rewards and costs of retail investment products.

The CEG has 21 members, following over 60 expressions of interest following a public call. Below is a list of the members' names.
