	<p>the U.S. and those that conduct business on a cross border basis.</p> <p>The Reinsurance Association of America strongly supports an open and competitive global reinsurance market. Mutual recognition procedures, such as the Solvency II equivalence process and the NAIC Qualified Jurisdictions review, facilitate such an unrestricted market among well-regulated jurisdictions.</p> <p>Competitive reinsurance markets allow for distribution of risk beyond the individual country and regional boundaries and increase the availability of these necessary products.</p> <p>Determining Bermuda, Switzerland and Japan to be equivalent will also lead to regulatory efficiency and enhance the operations of regulatory colleges in which those countries are involved.</p> <p>The RAA supports the finding of largely equivalent in the EIOPA report and believes these assessments provide a sound basis for a positive equivalence decision by the European Commission.</p> <p>We hope that the EU-US Dialogue will very soon result in a process which will allow similar recognition for US based companies doing business in the EU.</p>
