General Comment	1) Article 85 of the Implementing Measures does not make it clear if regional governments and local authorities existing outside of EU Member States can be considered as equivalent to central governments and this ITS does not list any non-EU Member State regional governments or local authorities. Does this imply that outside of the EU that no equivalence can be assumed?

	2) At what level should equivalence be considered to apply? The ultimate parent undertaking of Network Rail Limited is the UK Government as prescribed under ESA10/Regulation (EU) No 549/2013. Are state-owned entities also considered as equivalent in this way?
