PENSIONS

Letter to the European Commission regarding the technical advice on the development of best practices for national pension tracking systems and pensions dashboard

LETTER | 02 DEC 2021 |

PENSIONS

Technical advice on the development of pension tracking systems

With the goal to help Member States in Europe that do not have a pension tracking system in place, EIOPA in its advice provides a set of principles, good practices and recommendations, aiming to facilitate citizens' digital access to personal pension information.

ADVICE | SUBMISSION TO THE EC | 01 DEC 2021 |

PENSIONS

Technical advice on pensions dashboard

EIOPA advises to develop a visual pensions dashboard to strengthen the monitoring of pension developments in the Member States by presenting a complete set of indicators that allow for enhanced analysis and comparison and are also easy to comprehend. In particular, EIOPA recommends using indicators...
