The Joint Committee of the three European Supervisory Authorities (EBA, EIOPA and ESMA - ESAs) launched today a public consultation to amend the Implementing Regulations on the mapping of credit assessments of External Credit Assessment Institutions (ECAIs) for credit risk to reflect the outcomes of a monitoring exercise on the adequacy of existing mappings, namely changes to the Credit Quality Steps (CQS) allocation for two ECAIs and the introduction of new credit rating scales for ten ECAIs. The Implementing Regulations are part of the EU Single Rulebook for banking and insurance aimed at creating a safe and sound regulatory framework consistently applicable across the European Union (EU). The consultation runs until 31 December 2018.

In the Implementing Regulations on the mapping of ECAIs, adopted by the European Commission on 11 October 2016, the three ESAs specified an approach that establishes the correspondence between credit ratings and the credit quality steps defined in the Capital Requirements Regulation (CRR) and in the Solvency II Directive.

The ESAs are now consulting on an amendment to the Implementing Regulation to reflect the outcome of a monitoring exercise on the adequacy of the mappings, based on a quantitative and qualitative assessment. In particular, the ESAs are proposing to change the CQS allocation for two ECAIs, together with the introduction of new credit rating scales for ten ECAIs.

The ESAs also published individual draft mapping reports illustrating how the methodology was applied to produce the amended mappings in line with the CRR mandate.

## Legal basis
