## Podcast episode 4: Pensions, PEPP and young people

NEWS

DATE:

15 Jul 2021

The pensions gap is increasing in importance, which means that personal pensions will become more and more relevant.

In this episode – hosted by our communications trainee Pauline Coenen – our Principal Expert on Pensions, Carine Pilot-Osborn, explains the issues faced in the area of pensions and how they can be addressed, while our two policy department trainees, Olga Karpiuk and Guillaume Nedelec, represent the views of young people on retirement saving.

The views expressed are those of the speakers and not necessarily those of the European Insurance and Occupational Pensions Authority.
