

# Supervisory Statement on ORSA in the context of COVID-19

DOCUMENT

DATE:

19 Jul 2021

The supervisory statement on Own Risk and Solvency Assessment (ORSA) in the context of COVID-19 pandemic focuses on the supervision of the internal processes of undertakings that are necessary for having a good quality ORSA in place.

The statement is accompanied with the resolution of comments from the public consultation, the feedback statement to stakeholders and the impact assessment developed based on the input provided during the consultation period.
