The aim of this survey is to gauge and better understand the potential take-up of PEPP by eligible providers (asset managers, insurance undertakings, IORPs and credit institutions, including banks).

The responses given shall provide EIOPA with valuable insight and help the European supervisory community to prepare for an effective implementation ahead of the PEPP Regulation's entry into force on 22 March 2022.

The survey is open until and including 28 February 2022.
