

**Cosmina Amariei** joined the **European Capital Markets Institute** (ECMI) in November 2013.

*“A mandate in the OPSG at EIOPA represents an excellent opportunity for ECMI to promote beneficiaries’ interests and place them at the core of the CMU project.”*

She is responsible for markets and industry analysis, follows closely relevant policy and regulatory developments, and engages with multiple stakeholders on a regular basis. Her main areas of expertise include: monetary policy and transmission mechanism, financial integration and stability, asset/fund managers, retail and institutional investors, sustainable finance.

A detailed overview of her professional activities is available [here](#).
