### Description and Purpose of the Processing

#### Description of Processing

According to (EC) Regulation 1049/2001, the general public has a right of access to documents ("ATD") EIOPA has in its possession and can make a relevant request by mail, fax or email. The name and contact details of the applicant are hereby processed by the EIOPA staff that handle these demands.

Initial applications are handled by the ATD Coordinator appointed by the Executive Director. The ATD coordinator is usually a member of EIOPA 's legal team. He/she decides on initial applications and informs the applicant of his/her decisions. The ATD coordinator is assisted in these tasks, if necessary, by the EIOPA services which produced or received the document in question. Other relevant EIOPA bodies might be consulted too.

According to the decision of the Management Board concerning public access to documents (EIOPA-MB-11/051-Rev 1), as a general rule, confirmatory applications are handled by the Executive Director (ED). He/she decides on confirmatory applications and informs the applicant of his/her decision. He/she is assisted in this task by the ATD Coordinator and, if necessary, by the EIOPA Service which produced or received the document in question.

When EIOPA receives a request for access to a document originated from a third party, this third party may be consulted. The consultation is handled by the ATD Coordinator. He/she is assisted in this task, if necessary, by the EIOPA Service which produced or received the document in question and may also consult the Executive Director.
