\(^1\) Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC.
Description and Purpose of the Processing

### Description of Processing

Personal data are processed in view of establishing, maintaining and sharing a list of points of contact of the European Supervisory Authorities (ESAs), the ECB, relevant national authorities and other relevant EU institutions, bodies and agencies (EUIBAs) (collectively referred to as “participating authorities”). This with the purpose to facilitate the development of the pan-European systemic cyber incident coordination framework (EU-SCICF) and, once the EU-SCICF is in place, to enable information exchange among the points of contact of the participating authorities and the ESRB in case of a major cyber incident. The list of points of contact is maintained on a dedicated restricted area of EIOPA’s Extranet to which the participating authorities have access to. The list is updated on a regular basis. The need to set up this list is stipulated in Recommendation of the European Systemic Risk Board of 2 December 2021 on a pan-European systemic cyber incident coordination framework (EU-SCICF) for relevant authorities (ESRB/2021/17) and further specified in the report by the ESAs to comply to this recommendation, in conjunction with Regulation (EU) 2022/2554 (DORA).

### Purpose(s) of the processing

- Staff administration
- Relations with external parties
- Procurement and accounting
- Administration of membership records
- Auditing
- Information administration
- Other (please give details): to have contact points in place for efficient and timely communication and information exchange in the context of major cyber incidents.

### Lawfulness of Processing

- **Legal Basis justifying the processing:**
  - Recommendation of the European Systemic Risk Board of 2 December 2021 on a pan-European systemic cyber incident coordination framework (EU-SCICF) for relevant authorities (ESRB/2021/17), in particular Recommendation B thereof

- **Processing is necessary:**
  - for the performance of a task carried out in the public interest – Article 5(1)(a) of the Regulation
  - for compliance with a legal obligation to which the Controller is subject
  - for the performance of a contract to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract
  - in order to protect the vital interests of the data subject or of another natural person
